Release of the Rules for technical supervision of sea-going ships, edition July 2025

CRS is pleased to announce the release of the July 2025 edition of statutory guidelines - Rules for technical supervision of sea-going ships which can be downloaded from the following address:

<https://www.crs.hr/rules-imo-and-eu-regulations/crs-rules-and-standards/rules-for-technical-supervision-of-sea-going-ship>

CRS Rules are continually revised and updated in order to timely include internationally accepted standards (IACS Procedural requirements (PRs), Unified requirements (URs), Unified interpretations (UIs), IMO, ILO, EU, Flag state requirements, etc.) related to the safety of human life at sea and protection of the sea environment, as far as they concern statutory certification, and related to:

- Stability (includes both class and statutory requirements).
- Subdivision (includes both class and statutory requirements).
- Fire protection (includes both class and statutory requirements).
- Cargo handling gear and lifting appliances.
- Protection at work and crew accommodation.
- Pollution prevention.
- Polar class ships and ice class ships.
- Ship recycling.

A full list of CRS Rules being in force on 1st July 2025 is attached.

An outline of amendments implemented in July 2025 edition of the Rules is attached.
